Re: *U.S. Environmental Protection Agency Freedom of Information Request*

To Whom It May Concern,

I am writing pursuant to the Freedom of Information Act 5 U.S.C. § 552. I represent a shareholder of Exxon Mobil Corporation (“Exxon”) and this request is made as part of an investigation into the Company’s practices.

I am requesting an opportunity to inspect or obtain copies of the following information on Exxon:

1. All documents and communication exchanged between the Environmental Protection Agency (“EPA”) and Exxon concerning the EPA’s investigation into Exxon’s practices and treatment of its oil and gas reserves;
2. All documents, including studies, surveys, and communication, relating to the environmental effects of proved reserves and fossil fuels; and
3. All documents, including studies, surveys, and communication, relating to Exxon’s current number of oil reserves in the United States and the company’s long-term outlook on its oil reserves.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$250.00.

I would request a prompt response to this request. If you expect a significant delay in responding to or fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available under the law. Please contact me at (212) 308-5858 if you would like to discuss further.
